

Xinping Wang

Product Designer | UI/UX & Visual Design

Toronto, ON | xinpingxh@gmail.com | [linkedin.com/in/xinping-w/](https://www.linkedin.com/in/xinping-w/) | [claire-xinping.com](https://www.claire-xinping.com)

SUMMARY

- Product designer with 3+ years of combined experience in UX design, visual design, and frontend development.
- Specialized in enterprise UX, accessibility (WCAG/AODA), design systems, and workflow products.
- Bridge design and development with hands-on React/TypeScript experience.
- Master of Digital Transformation and Innovation candidate, University of Ottawa; graduating October 2026.
- Canadian Permanent Resident; authorized to work in Canada without sponsorship or restrictions.

RELEVANT WORK EXPERIENCE

Freelance Product Designer

Freelance, Toronto, ON

Jun 2026 - Present

- Lead end-to-end product design for internal workflow and knowledge-management products, from information architecture and user flows to responsive React/TypeScript prototypes and reusable design tokens.
- Partner closely with engineers and project managers to align product scope, technical feasibility, priorities, and delivery expectations.
- Define workflow models, information hierarchies, dashboards, scoped search, source provenance, and traceable collaboration patterns for complex internal tools.
- Translate product decisions into polished interactive prototypes and concise UX case studies for stakeholder reviews and interviews.

UI/UX Product Design & Analysis

Kyndryl, Toronto, ON

(Supporting BMO EECOE)

Apr 2025 - May 2026

Co-op internship + extended contract

- Designed wireframes, prototypes, and presentation materials for enterprise digital-service initiatives; supported workflow analysis, UX research, and service improvements.
- Audited 1,000+ historical projects across 3 platforms and documented 20+ standards pages.
- Applied WCAG 2.1 / AODA standards across layouts, typography, color, and interaction patterns.
- Collaborated with product owners, business analysts, developers, and stakeholders on scalable UX solutions.

Full Stack Developer

KOII, Halifax, NS

(Contract)

Feb - May 2024

- Developed responsive web apps with React and Next.js and built 10+ reusable UI components with TypeScript/JavaScript.
- Collaborated with designers through iterative reviews to refine layouts and interactions.

Graphic Designer

Freelance, Halifax, NS

2022 - 2024

- Created visual content and brand collateral, strengthening typography, composition, and detail-oriented UI skills.

PROJECT EXPERIENCE

Knowledge Hub

Independent

- Designed an AI-assisted knowledge workspace with project-scoped search, source citations, provenance indicators, saved knowledge, and document review tools to improve trust in internal information.

Intake Tracker

Independent

- Designed an end-to-end request workflow covering submission, triage, ownership, review, execution, and delivery. Used progressive disclosure to balance information completeness with submission effort.

AI Cognitive Co-Learning

uOttawa

- Designed an adaptive AI learning experience from learner onboarding and skill-gap review to personalized support. Worked as UX Researcher, Product Designer, and Frontend Engineer on a 6-person team.

EDUCATION

University of Ottawa

2024 - October 2026

Nova Scotia Community College

Master of Digital Transformation and Innovation
